Rydes Hill Preparatory School & Nursery

P28 (ISI 12B) – FIRE SAFETY POLICY (INCLUDES EYFS)

CHILDREN'S MISSION STATEMENT

Think deeply, live wisely, love generously

MISSION STATEMENT

- Rydes Hill Preparatory School and Nursery is a Catholic School where children learn how to live in loving relationship with God and each other.
- Christian virtues of love and justice, faith and courage, hope and perseverance are fostered.
- Pupils and staff comprise individuals of different faiths and beliefs but the Rydes Hill community aspires to unity within the life of the School based on shared moral values.
- The importance placed on the development of individual talents is at the heart of what School stands for and all are encouraged and challenged to be the best they can be.

SLT	Senior Leadership Team - Headmistress, Bursar, Deputy
	Head Academic & Deputy Head Pastoral

Aim / Objective / Statement of Intent

 Our priority is to minimise the risk to life and to reduce injury by maintaining the physical fire safety integrity of the School in ensuring that staff, pupils, contractors and visitors do not add to the fire risk and through safe evacuation of our buildings if a fire breaks out. The fire safety policy, procedures and risk assessments at Rydes Hill Preparatory School & Nursery are designed to help our community respond calmly and effectively in the event that a fire breaks out in one of our buildings.

Part One – Fire Safety

Role of the School Fire Safety Manager

- 2. The Headmistress and The Deputy Bursar are the designated School Fire Safety Managers who are responsible for ensuring that:-
 - The fire safety policy is kept under regular review
 - The fire safety policy is promulgated to the entire School community
 - Everyone in the School (including visitors and contractors) are given clear verbal and/or written instructions on where they should go in the event of a fire
 - Procedures for emergency evacuation are regularly tested and lessons absorbed
 - Fire risk assessments are regularly reviewed and updated
 - Fire prevention measures are followed
 - Fire procedures and risk assessments are reviewed on each occasion that a building is altered, extended or rebuilt, or when new buildings are built
 - The Health & Safety Committee receives reports on the effectiveness of fire drills
 - The out-of-hours fire alarm monitoring service is kept informed of any changes to relevant contact details
 - Records of staff training are kept
 - Certificates for the installation and records of maintenance of alarms, detectors, emergency lighting and fire-fighting systems and equipment are kept.

Emergency Evacuation

3. All new staff and pupils, all contractors and visitors are shown the notice in Appendix A, either in the front entrance hall or in the classrooms. Visitor badges also give fire safety information on the back of the pass.

Part Two – Fire Safety Procedures

Briefing new and existing staff and pupils

- 4. The School carries out at least 1 and normally 2 fire drills each term and in order to brief new staff and pupils. It aims to carry out a fire drill in the first two weeks of the Autumn Term (September) so that all new staff (teaching and non-teaching alike) and all new pupils, follow the School's emergency evacuation procedures. New staff are briefed on the Fire Safety Procedures as part of the induction process. Fire action notices are displayed where there are fire extinguishers. New staff and pupils who join the School at other times in the year are shown where the emergency exits, escape routes and assembly points are located by their line manager or the relevant Form Tutor. Form Tutors remind their pupils, at the beginning of each half-term of the fire drill procedures.
- 5. The safe evacuation of everyone staff and pupils alike, is our priority. Protecting property comes second. No-one should attempt to fight a fire at the expense of their own, or anyone else's, safety. We provide fire awareness training to all full-time and part-time staff.
- 6. When Staff leave the site during the School day, they must sign out and in using the signing in book located in the School Office.
- 7. Outside of term time, all staff must sign in when they arrive and out when they leave.
- 8. Peripatetic staff who are not in School every day must sign in and out using the signing in/out list also located in the School Office

Summoning the Fire Brigade

- The School Office is manned between 08:00 and 18.00 during weekdays in term-time. When the fire alarm is set off, the alarm company will automatically contact the Fire Brigade. They will then contact the school following the 'cascade system' put in place.
- 10. The Fire Panel that shows the location of all the alarm call points on the networked alarm system in the School buildings is physically located in the School Office.
- 11. The Deputy Bursar, Site Manager and Maintenance Assistant have standing instructions to summon the Fire and Emergency Services if the alarms go off outside the hours that the School is open, unless warned of a planned fire practice, if the alarm company does not automatically do so.

Visitors and Contractors

12. All visitors and contractors are required to sign in at the Main Entrance where they are issued with a visitor's badge, which should be worn at all times that they are on School

Property (Refer to Policy P06 Visitor & Intruder Policy). They are made aware of the emergency evacuation notice procedures, which are printed on the back of their visitor pass.

13. When large numbers of visitors are at the School for open days, plays, concerts, exhibitions etc., a brief announcement is made advising them of the location of the emergency exits that they should use in the event of the alarms sounding. All Staff on site at these events and not responsible for pupils, should ensure that they support the evacuation process and assist visitors as necessary; Staff are empowered with the authority to be firm with any visitor not complying with the evacuation process. At the commencement of plays and concerts, parents/guardians are advised that in the event of an emergency evacuation, their children will be evacuated by staff members and that they will be reunited once registers have been taken at the fire assembly point.

Responsibilities of Nursery and Teaching Staff

- 14. Nursery and Teaching staff are responsible for escorting their pupils safely out of their buildings in silence and in an orderly fashion. They are responsible for conducting a head count on arrival at the assembly point and for ensuring that the name of anyone who cannot be accounted for is passed immediately to the Headmistress and/or SLT member. It is the responsibility of the Headmistress or member of SLT to ensure that this information is passed to the Fire and Emergency Services as soon as they arrive. Should an event occur outside of normal school hours (including when the AYR Nursery is in operation), these responsibilities fall to the Site Manager, Site Maintenance Assistant or Deputy Bursar, dependent upon who is on duty.
- 15. As teachers of older pupils, selected teaching staff (see names below) are also responsible for checking the following areas :-

Lower Prep Classroom, Middle Prep Classroom & Middle Prep Toilets/Changing Room	Debbie Lappage/Nicky Leclazio/Amanda Moss
Science Classroom, Higher Prep Classroom & Higher Prep Toilets/Changing Room	Cate Rowson/Karen Boyle

Responsibilities of Non-Teaching Staff

16. Non-teaching staff are responsible for checking the following areas:

Library and Form One	Deputy Bursar
Upper Transition, ICT Suite, Upper Transition & Female Staff Toilet on 1 st floor, Music Practice Room and Uniform Shop on 2 nd floor.	Heads PA & Marketing Co- ordinator
Kitchen, Dining Room, KG cloakroom, KG toilets, male staff toilet, Peter Pan garden and assisting Form One at	Holroyd Howe Kitchen Staff

bottom of fire escape staircase	
Staffroom and ground floor female staff toilets.	
Also responsible for collecting Visitors Book, Peripatetic	
Signing In/Out Book, Staff Signing In/Out Book,	School Office staff
Governors Signing In/Out Book, Class Registers and	
Grab Bags from School Office.	

On no account should anyone return to a burning building

Personal Emergency Evacuation Plans (PEEP)

- 17. A PEEP is designed to ensure the health and safety of an individual with a disability (see definition below) should an emergency situation arise that requires building evacuation. The plan is unique to the individual and explains the actions they and any helpers need to take. It will cover all buildings the individual is likely to occupy whilst at School.
- 18. Types of disability which require a PEEP are:
 - Mobility impairment either permanent or temporary, where vertical evacuation **is** possible but not as quickly as able-bodied (for example, broken leg and using crutches or heavily pregnant)
 - Mobility impairment either permanent or temporary, where vertical evacuation **is not** possible (for example, wheelchair user)
 - Hearing impaired
 - Sight impaired
- 19. When drawing up a PEEP it is appropriate to visit the area(s) that it will cover. It is the responsibility of the Form Tutor to draw up a PEEP for pupils and of the Bursar to draw up a PEEP for staff members as necessary. Once completed all personnel affected must be made aware of the PEEP and its contents. This will include subject of the PEEP, staff members, SLT, Headmistress, and pupil's parents if applicable. Dependant on the age of the pupil, it may be appropriate to inform all pupils in the relevant Form. All PEEPs must be displayed in the Staff Room by the Form Tutor whilst they are in force.
- 20. It is important that the PEEP is regularly reviewed and, where necessary, revised to ensure it remains appropriate and effective. The PEEP should be reviewed at least termly and when the following circumstances arise :
 - There is a change in the buildings and/or areas the individual will occupy
 - Refurbishment or changes take place to buildings and/or areas currently covered by the PEEP
 - An evacuation (practice or otherwise) reveals the content of the PEEP is not appropriate
 - Any other reason for believing the content of the PEEP is no longer valid (For example, the pupil no longer uses a wheelchair but is able to use crutches)

21. The PEEP form to be used can be found in Appendix B. Should any assistance be required with completing this form please speak to either your line manager, any member of the SLT or the Compliance Officer.

Fire Practices

22. Fire drill practices are held at least once but normally twice every term at Rydes Hill Preparatory School & Nursery. A fire drill is also exercised at the beginning of the Summer Holidays when the Nursery provision is open outside of normal school term time. This ensures that any children not registered with the school in the previous term have an opportunity to practice the fire drill. This, combined with a programme of inducting new staff and pupils with emergency escape procedures, helps to ensure that the School can be safely evacuated in the event of a fire. A report on each fire drill is submitted by the Bursar to the Health & Safety Committee each term.

Fire Prevention Measures

23. The following fire prevention measures are in place:

Fire Alarm

The fire alarm is monitored 24 hours daily. If the alarm sounds the monitoring centre will telephone the School during normal office hours. Outside of these hours, the call centre will telephone the Deputy Bursar, Site Manager, Site Maintenance Assistant, Headmistress, Deputy Head (Academic) or Bursar. (This order is dictated by their normal proximity to the School out of hours)

- The master panel for the fire alarm system is located in the Quiet Room. Repeater panels are located in the School Office and inside the front door. All three panels shows the location of where the detector has been received.
- Alarms sound in all parts of the building.
- Testing all fire alarms weekly (and recording all tests and defects) is the responsibility of the Bursar who also arranges for an approved contractor to carry out the necessary checks on the system.
- Records of all tests are kept in the Fire Folder in the School Office.

Escape Routes and Emergency Exits

- Fire notices and evacuation signs are displayed throughout the building.
- Fire extinguishers (of the appropriate type), smoke/heat detectors are located in the building in accordance with the recommendations of our professional advisors.
- Door closures and heavy fire doors have been installed as advised by fire prevention advisors.

- Keeping fire routes and exits clear at all times. The Site Manager is responsible for unlocking the buildings in the mornings and checks that escape routes are not obstructed.
- Records of inspection of escape routes are kept.

Electrical Safety

- The School has current electrical test certificates for the building.
- Regular PAT testing is undertaken by an outside specialist contractor.
- Records of all tests are kept in either the Bursar's Office or Deputy Bursar's Office.

Gas Safety

• All gas appliances (boilers, kitchen equipment etc) are regularly maintained and serviced by Gas Safe Registered Engineers. Records of these tests are kept in the Deputy Bursar's Office. There are emergency gas shut-off valves in the kitchen and the science block.

Fire Officer Safety Check

• Guildford Fire Service undertake a formal fire officer safety check

It should be noted that the School does not have any Aluminium Composite Material cladding on site.

Letting or Hiring of the School

- 24. The School's fire Risk Assessment meets the requirements of the Regulatory Reform (Fire Safety) Order 2005 (the FSO). It is carried out by an external specialist. This was last completed in May 2018 and is repeated not more than every five years, sooner if there has been any significant changes to the infrastructure or the fire system itself. It is reviewed annually by the Bursar in the interim period. Specifically it identifies :
 - The hazard
 - The people at risk
 - The measures to evaluate, remove, reduce and protect from the risk
 - The measures need to record, plan, inform, instruct and train people in risk reduction or removal
 - The arrangements for reviewing the assessment
- 25. Copies of the School's fire risk assessment (RA01) are held by the Bursar. This document is located on the School Server within the POLICIES AND RISK ASSESSMENTS folder. Any comments or suggestions for improvement are always welcome. All staff should ensure that they read the sections that are relevant to them and should they have any queries, should direct these to the Headmistress and/or Bursar.

Appendix A

Fire Safety Information

- 1. At the beginning of each half term, teachers must remind pupils of fire safety rules and evacuation procedure.
- 2. If you discover a fire, break the glass in the nearest alarm point to set off the alarm. Leave the building by the nearest exit.
- 3. If you hear a continuous alarm sounding you MUST evacuate.
- 4. If you are responsible for a class, make them leave quietly with you. No one should talk or run. Make your way to the assembly point at the tennis courts. You may be directed to the alternative assembly point on Our Lady's Lawn by Fire Marshalls if necessary.
- 5. If you are teaching a class, do not take any possessions and do not allow the pupils to take anything. Shut doors and windows behind you.
- 6. The Headmistress and SLT will be aware when fire drills take place.
- 7. If you have a disabled or temporarily injured pupil in your class, the PEEP (Personal Emergency Evacuation Plan) will detail the means for evacuating this pupil. You should escort your class to the assembly area ensuring that the support to the pupil is in place.
- 8. The School Office will take the registers of each class to the assembly point along with "grab bags" which contain blankets, First Aid kit and Mobile Telephone etc.
- 9. Report anyone who is missing immediately to the Headmistress or SLT who will inform the Fire Brigade. *On no account should anyone return to any building until given permission by the Fire and Emergency Services.*
- 10. Remain at the assembly point with your pupils until the all clear is given.
- 11. Should the alarm sound whilst after-school clubs and activities are taking place, registers for these classes should be taken by the activity leader to the fire assembly point, along with the pupils.

Appendix C

Procedure for calling the emergency services

In the event that an ambulance / fire brigade needs to be called, the following protocol is in place:

- I. When calling 999, the caller needs to alert that the driver must be directed to the entrance on the Aldershot Road, <u>via the St Mary's Church car park.</u>
- II. As soon as the call has been made, a different member of staff (whoever is nearby and available) must make their way outside to wait on the Aldershot Road to direct the ambulance on arrival and to open the exit gate. When they see the vehicle. they should draw attention to themselves (waving of an arm) to alert the driver.
- III. If it is the beginning or end of the School day, another member of staff must be in the car park to help direct traffic and direct the emergency vehicle.
- IV. Any member of staff can be redeployed to do the above generally speaking there will be a TA in Kindergarten and Lower Transition who could help.
